Retention of tractor barn

No objection

The Parish Council has no objection to this retrospective application for approval of the re siting of the tractor barn. However, there remain concerns about other aspects of the Oakshott Farm project and the council hopes that further retrospective applications can be expected to take account of other departures from the plans for which permission was granted. It is hoped that the conditions attached to the previous permission will remain, with particular reference to condition 3, namely:

3. The building hereby permitted shall not be occupied at any time other than for the purpose as a tractor and equipment store and stables..... to prevent the creation of residential accommodation within an area where additional residential properties would not normally be permitted.

The meeting closed at 6.40pm
